MEDICAL TRAINING

2005	Breast/ Occuloplastic Fellowship Emory University-Paces Plastic Surgery.
2004-2005	Administrative Chief resident - Emory University Plastic Surgery Division
2002-2005	Plastic Surgery Fellowship - Emory University Plastic Surgery Division, Atl, Ga.
1999-2002	General Surgery Residency - Emory University Department of Surgery, Atl, Ga.
1998-1999	Post-doctoral Breast Reconstruction / Endoscopic fellowship - Emory University Plastic Surgery Division, Atl, Ga. <u>Doctor of Science degree thesis completed.</u>
1996-1998	Faculty- Plastic Surgery Division, Cairo University. <u>M.Sc. Degree thesis completed.</u>
1996-1998	Faculty-Cairo University Burn Unit.
1995-1996	Chief resident - Plastic Surgery Division, Cairo University, Cairo.
1993 – 1997	General/Plastic Surgery residency - Cairo University.

EDUCATION

Medical Education

1986-1992	Scholarship preserved throughout the six years of medical education.
1986 – 1992	Cairo University Kasr el Aini, Cairo MBBch. Degree (MD) (All courses studied in English). <i>Graduated Excellent with honors</i>
August, 1989	Polyclinico Umberto Primo, Rome, Italy. General surgery/OB-GYN
Oct-Dec, 1993	Pediatric Plastic Surgery University of Renne, Renne, France
October, 1996	Master degree in General/Plastic Surgery, Cairo University
January, 2000	Doctorate of Science Thesis in Plastic Surgery, Emory-Cairo University. <i>Thesis for the Doctorate of Science degree in Plastic Surgery:</i> “The use of minimally invasive techniques in Plastic Surgery” Anatomical and clinical study. Dissertation: January 2000 <i>Thesis for the Master degree in Plastic Surgery:</i> “Anatomical study of fasciocutaneous flaps of the posterior aspect of the leg.” Dissertation: October 1996.

Pre-Medical Education

1972 - 1986	Jesuit Catholic School (College des Peres Jesuites). Primary, middle and high school
1978	International School Zugberg, Switzerland.
1986	Honor prizes in human biology, physics, and chemistry.
1986	Bachaloria (Excellent with honors). Ranked among the top 50 students.
1985	Student of the Year (Prix de sagesse).
1985	Philosophy and literature competition first prize. (Prix D'honor de Francais et de Literature)

PROFESSIONAL EMPLOYMENT

October 2005-Present	Newport Plastic & Reconstructive Surgery Associates
May 2006 –Present	UCLA –H Medical center. Attending Physician/Assistant clinical Professor.
October 2006-Present	UCI Medical Center. Assistant Clinical Professor

HOSPITAL APPOINTMENTS

- 1- Hoag Hospital
- 2- UCLA –H medical center (Los Angeles)
- 3- Saddleback Hospital
- 4- Fountain Valley Hospital

CERTIFICATIONS

- 1- Diplomate of the American Board of Plastic Surgery
- 2- PhD Degree (Dissertation January 2000).
- 3- MD Degree, December 1992.
- 4- USMLE (United States Medical Licensing Examination) step 2, August 1997.
- 5- Master degree in General surgery part 1, April 1995; Anatomy, Physiology, histology, pathology, surgery.
- 6- USMLE step 1, October 1997.
- 7- Master degree in Plastic Surgery (Finals: part 2), with Excellency, November 1996
- 8- USMLE permanent certification, April, 1998.
- 9- USMLE step 3, state of Georgia, May 2003.
- 10- BCLS/ACLS/ATLS
- 11- FAST clinical course, Emory University
- 12- HIPAA Training, completed May 1, 2004.
- 13- Emory University Health System ICAC course “Protecting Research animals” completed August 12, 2000
- 14- WIRB Human research /Clinical studies .Completed September 2010.

MEDICAL LICENSURE

1-California Medical Board. (06/2005)

2-State of Georgia license (12/2002)

3-State of Georgia license for the Emory Residency, July 1999

HONORS AND ASSIGNMENTS

Postgraduate

2007	The Sherrell J. Aston award for the best presentation at the American Society for aesthetic Plastic Surgery
2007	Medical Director the Center for Aesthetic Body Contouring.
2006	Assistant clinical professor UCI Medical Center.
2006	Assistant clinical professor UCLA-Harbor
2005	Administrative chief resident Emory University. Division of Plastic Surgery
2004	Member of the internal review committee at Emory University.
2002	Elected to represent the Emory residents for the national RRC committee.
2000	Doctorate of Science Thesis in Plastic Surgery with honors.
1996	Master degree In General and plastic surgery with honors.

Undergraduate

1992	MD graduation with Excellent with honors.
1986	Bachaloria graduation with honors.
1985	Student of the Year (Prix de Sagesse).
1985	Philosophy and literature competition first prize. (Prix D'honor de Francais et de Literature).
1981	High school: Student of the year.

TEACHING EXPERIENCE

1998-2001	Basic techniques in Plastic Surgery. Course director, Emory University.
1998-1999	Postdoctoral faculty Emory University.
1997- Present	Faculty, Cairo University. Division of Plastic Surgery.
2005	Fresh cadaver lab instructor Emory University Oral Surgery course.
2005	Invited lecturer Endoscopic course .The Romanian association of plastic surgeons.
2005	Invited lecturer Emory University: Occuloplastic surgery November 2005
2006	University of California at Irvine Plastic Surgery Grand Rounds. The effect of eye lid biomechanics on aesthetics and reconstructive eye lid surgery. Feb 2006
2006-2010	Assistant clinical professor UCLA-Harbor
2006	Invited lecturer/Instructor Monterrey Society/Mexico.
2006-2010	Assistant Clinical Professor UCI medical center.
2007	UCI Plastic Surgery Grand Rounds “Acquired Ptosis” January 2007.
2008-2010	Visiting Professor Veterans and Military Hospital Alexandria-Egypt...

CURRENT RESEARCH INTERESTS

1-Principle Investigator: A Prospective Study of The use of Sterilized Acellular human dermis (Allomax) in postmastectomy tissue expander reconstruction and breast revision.

2-Clinical Investigator : Double –Blind ,Randomized ,Controlled Trial To Assess The effects of the OBAGI-NU-DERM system on re-epithelization after chemical peel or ablative laser. Edwin G. Wilkins, M.D., M.S. Andrea L. Pusic, M.D., M.H.S. Susan Kaweski, M.D. Brian M. Kinney, M.D. Gregory R.D. Evans, M.D. Neil Fine, M.D. Robert Walton, M.D. Constance M. Chen, M.D., M.P.H.C.B. Boswell, MD

- 2- Investigator the Mentor Gel implants study
- 3-The use of fat grafting in volume augmentation.
- 5- Evaluation of facial muscle innervations.
- 6- The use of 3-D techniques in soft tissue reconstruction.
- 7- Computer recognition of facial fractures.
- 8- The use of VEGF in the prefabrication of flaps.
- 9- 3D evaluation of facial aging.

RESEARCH GRANTS AWARDED

1-Davol Surgical research grant:” A Prospective Study of The use of Sterilized Acellular human dermis (Allomax) in postmastectomy tissue expander reconstruction and breast revision.”

2-US surgical research grant: “Improvement of Tram Flap Viability Using hVEGF Induced Angiogenesis.”

3-US surgical research grant: “Effect of vascular endothelial growth factor-induced angiogenesis on TRAM flap harvesting after abdominoplasty.”
